***Advancing excellence in education by  
leveraging leadership, knowledge, and  
services across communities.***

Leadership is the ability of individuals in an organization to:

- provide excellent programs,
- have a commitment for improvement,
- collaborate to serve, and
- be visionary in recognizing its ultimate potential.

Knowledge is a portal to:

- maintain continuous improvement,
- apply research and data,
- implement innovative practices, and
- provide opportunities for active engagement and learning.

Services are programs and activities that:

- address the educational needs of all learners,
- leverage and support community partnerships, and
- are quality, timely and appropriate.
