

REGIONAL OFFICE OF EDUCATION ORGANIZATION

STATEMENT OF OBJECTIVES

Realizing that the ultimate success of educational programs are measured in terms of the accomplishments of the individual students, the Regional Office of Education provides professional development that assists districts in obtaining the following objectives:

To provide fundamental career concepts and skills, developing in the student a foundation for further career training.

To foster in the student self-discovery, self-awareness, and self-discipline, enabling him/her to realize his/her worth as a human being and to formulate a personal set of values and goals.

To develop a positive attitude toward and practice of those disciplines which will produce a healthy mind and body.

To develop an awareness of present and past cultures and civilizations, acquainting the student with the variations in mankind's cultural patterns and with the evolution of his/her national and cultural heritage.

To stimulate intellectual curiosity and critical thinking, guiding the student to learn how to seek further knowledge by familiarizing him/her with the resources and challenges of the world around him.

To direct the student in becoming proficient in the art of verbal and non-verbal communication.

To encourage an appreciation of beauty and to assist the student in developing a capacity for aesthetic perception, creation, and judgment.

To encourage the student to discover and build from his/her individual strengths and develop an awareness of the value of striving toward excellence and mastery of skills.

To help the student learn to deal effectively with other people, encouraging in him/her a sensitivity to the needs and values of others and a respect for individual and group differences.

REGIONAL OFFICE OF EDUCATION ORGANIZATION

STATEMENT OF OBJECTIVES

To develop social and personal responsibility, involving the student in decision-making process and problem-solving activities as he/she works toward constructive change.

To help the student recognize the basic laws of nature that govern the universe and to help him/her use these laws to predict natural phenomena and to determine their impact on his/her environment.

To help the student realize his/her relationship to others through learning about society and how to live in harmony.

To develop an understanding of consumer education and economic principles for the purpose of achieving, within the framework of the student's own values, maximum utilization of, and satisfaction from, one's resources.

The Regional Office of Education shall encourage/arrange/offer professional development programs through input from administrators, teachers, parents and public that support the objectives listed above.
