SCHOOL CEREMONIES AND OBSERVANCES

The administrator/supervisor shall consider the appropriateness of the time spent in preparing and presenting school ceremonies and holiday observances.

Care shall be taken that holiday observances are conducted with sensitivity for the beliefs of all students and staff. Upon written request of a parent/guardian, students may be excused from attending and/or participating in such programs when their personal beliefs conflict with these observances. Students who are excused from such school ceremonies and observances will be assigned an appropriate educational alternative assignment.
