

ROE – COMMUNITY RELATIONS

VISITORS TO THE ROE

The Regional Office of Education encourages visits by parents, citizens, taxpayers, and other clients to its programs and building(s). Parents of students have the right and responsibility to keep themselves informed as to the day-to-day operation of the programs. In receiving visitors, ROE personnel shall be cognizant of student welfare and safety and continuity of the educational programs. All visitors are expected to report to an administrator's office upon entering the building.

Administrators shall be responsible for informing parents of students of this policy, inviting them to visit the programs and working towards the development of a spirit of mutual cooperation, which will ensure benefits to the students involved. Direct communications to homes, as well as other means to communicate this policy are encouraged.
